

PROVINCE OF QUÉBEC
Ville de Rosemère

A Regular meeting of the Council of Commissioners of the Sir Wilfrid Laurier School Board was

3.0 Question Period

Stephanie McLellan, President of the Laurier Teachers Union (LTU), advised that she would also be representing the SEPB-Québec-FTQ Local 577 and the Professional Union during this question period as they have common concerns about the consultation process and more specifically, they have the following questions about the policy on inclement weather and emergency closing of establishments recently adopted.

In response to the questions from LTU, SEPB and the Professionals, the Chairperson noted:

Question #1: We are pleased to take part in any consultation process, but a written response to our concerns is not received prior to the Council adopting a policy. Should we not get the courtesy of a written response addressing the questions and concerns we raise prior to the decision being made? We cannot come prepared with appropriate questions or concerns if we are not aware.

That an orientation cannot be provided as the Council has not yet approved the policy;
The Council believes in transparency so after a decision is taken, if any of the unions or associations have questions, they are encouraged to contact a member of the Directorate to inquire if the policy was approved or declined.

Question #2: We are disappointed that the proposed *Inclement Weather and Emergency Closing of Establishments Policy* was adopted and that the vastness of our territory has not been considered. Due to our various staffing processes, employees are assigned to specific schools (Professionals) or can choose to work in any school in the territory (Teachers and Support Staff). As a result, staff does not necessarily live near their workplace. The LTU, SEPB 577, and the SWL Professionals raised this as a major concern during the consultation.

If Council is unwilling to reconsider this entire policy, we suggest that, minimally, the Board consider naming at least one (1) 'satellite' school in each region of Laval, Laurentians and Lanaudière thereby allowing employees a safer commute to work, within a reasonable amount of time and distance. This would ensure a safer commute, especially for the more precarious employees of the school board. Should an employee really have to be faced with the choice between a safe commute and a day's pay?

We are also seeking a response as to why there is a need to make these policy changes. Who will provide us with this answer?

Question #3: For SEPB 577, daycares are to remain open to all regular and sporadic users. How are Daycare Technicians able to call in the appropriate number of Educators if they will not know

There will be three separate tax rates that will be normalized rather than harmonized, given that this school board lies on three different territories;

This agreement also affects five other schools boards in the same situation;

Discussions are being held concerning compensation measures in order to create equity, as not all tax rates in the province are equal;

The new school tax process will be in place for 2018-2019;

There will be a regional tax board to decide what the rate will be;

A Bill will be deposited in the National Assembly to change the law to reflect the agreement concerning school taxation. This Bill will meet with resistance from the Coalition Avenir Québec (CAQ) and the Part Québécois (PQ);

A meeting is scheduled for December 1, 2017 to receive feedback for changes to the proposed Bill;

The Ministère de l'Éducation et de l'Enseignement supérieur (MEES) will provide grants for deficits incurred with the reduced tax rate;

A measure of confidence was requested so that the reduced tax rate will be in the law so that it will be perpetual;

A request to have the law include electronic school tax bills as an option so that bills would not have to be printed and mailed, which is the current law.

In response to a question from Commissioner Vicky Kalotzakis, the Chairperson noted that the MEES is asking that all taxpayers contemplating transferring school boards are being asked to wait because of the pending new law. Taxpayers who have left the school board could be invited to return.

In closing, the Chairperson stated that it is important for school taxation to be by representation as it is the only thing that the English community controls.

4.1.2 Class Action Suit – Financial Contributions Required from Parents:

Class Action Suit
Financial Contributions
CC-171122-CA-0044

WHEREAS the Sir Wilfrid Laurier School Board (SWLSB), like 67 other school boards in Québec, is involved in the class action concerning the financial contributions required from parents, which was authorized by the Superior Court of Québec on December 6, 2016;

WHEREAS the legal grounds of this class action concerning the financial contributions required from parents are based in particular on the *Education Act* and the applicable rules that only the National Assembly or the Government may amend on a proposal from the Ministre de l'Éducation, du Loisir et du Sport;

WHEREAS the class action has serious financial implications for the SWLSB and could adversely affect the quality and diversity of educational services provided to students within the school board's territory;

WHEREAS the judicial conclusions of the class action could jeopardize certain public school programs promoting school perseverance and academic success, thereby calling into question the financing of public schools;

WHEREAS the outcome of the class action could put the SWLSB in a budget deficit situation, despite the school board's consistently excellent budget management;

WHEREAS it has become necessary to reflect on the desired practices and method of financing in relation to the financial contributions required from parents and the SWLSB wishes to actively take part in this reflection;

WHEREAS it is imperative and urgent that the Ministre de l'Éducation, du Loisir et du Sport become actively involved in developing financial and legislative solutions concerning this issue;

Commissioner Dean Dugas MOVED THAT the Council of Commissioners of the Sir Wilfrid Laurier School Board ask the Ministre de l'Éducation, du Loisir et du Sport to become actively involved in developing financial and legislative solutions in connection with this class action against 68 school boards in Québec, in an effort to maintain and develop public schooling;

AND THAT this resolution be submitted to the Chairpersons of the other 67 school boards involved in the class action concerning the financial contributions required from parents, to the Quebec English School Boards Association and to the Fédération des commissions scolaires du Québec.

Carried unanimously

4.2 Director General's Report:

The Assistant Director General presented his report as acting Director General noting:

The MEES confirmed that the school board would be receiving approximately 400 new registrations from the Tosh community, as its girls will begin homeschooling. Updates will be provided as the registrations begin and the school board will approach the MEES to request additional funding to support the registration of these new students;

There was a consultation on the budget rules adopted by the Conseil du trésor noting that one of the big items is the handling of how the school boards identify students to be validated for coding. The current process is for the school boards to send a dossier for each student to the MEES and wait for its decision but now the school board will have to decide to keep the current practice or go with the MEES suggestion of a sampling of 10% or 20 dossiers and apply a refusal rate calculated on the school board's success rate for the past two years;

The school board is currently reviewing its practices.

The Chairperson provided an update on the Director General noting that he is looking very forward to returning to work.

5.0 Business Arising:

5.1 Sale of Building – 171 Mary, Lachute:

Sale of Building
171 Mary
CC-171122-MR-0045

WHEREAS the Council of Commissioners of the Sir Wilfrid Laurier School Board adopted resolution #CC-150629-CA-0202, authorizing the Director of Material Resources and Transportation to begin the process with the Société québécoise des infrastructures for the sale of the building located at 171 Mary Street in Lachute;

WHEREAS the Council of Commissioners of the Sir Wilfrid Laurier School Board adopted resolution #CC160427-MR-0077, authorizing the Director of Material Resources and Transportation to present the Centre d'entraide d'Argenteuil's offer to purchase the building located at 171 Mary Street in Lachute, in the amount of 500 000,00\$, to the Ministère de l'Éducation et de l'Enseignement supérieur (MEES) for analysis and approval;

WHEREAS, in a letter dated August 15, 2017, the Ministère de l'Éducation et de l'Enseignement supérieur (MEETc.hary St6s.0064 T1.1437 Tgs95R building J18.0838 0 TD-.0006 c.0065 Tw[Thelo)-6ca at 171 Mary S

AND THAT, as per the Public Infrastructure Act, it is the Société Québécoise des infrastructures (SQI) that delivers the services required by public bodies to acquire or dispose of an immovable;

AND THAT the Director of Material Resources and Transportation will contact the Société québécoise des infrastructures (SQI) to pursue the sale;

AND THAT, as requested in the Ministère de l'Éducation et de l'Enseignement supérieur's (MEES) letter of approval dated August 15, 2017, the contract of sale must include a right of first refusal clause in favour of the school board, under which the Centre d'entraide d'Argenteuil shall, if it wishes to dispose of the immovable, first offer it to the school board at the price the Centre d'entraide d'Argenteuil initially paid;

AND THAT, the Chairperson, as well as the Director General, and in his absence or with his knowledge the Assistant Director General, be authorized to sign all documentation concerning this sale;

FURTHER THAT a copy of this resolution be sent to the Mayor of the Ville de Lachute.

Carried unanimously

6.0 Decision Items:

6.1 Corporate Affairs & Secretary General

Carried unanimously

6.1.2 School Board Exemption from Construction Holiday:

Exemption from
Construction Holiday
CC-171122-CA-0050

WHEREAS the Ministère du Travail, de l'Emploi et de la Solidarité sociale has a by-law concerning the mandatory Québec (MESS) construction holidays;

WHEREAS said by-law is reflected in the Commission de la construction du Québec's (CCQ) respective collective agreements;

WHEREAS there are certain exemptions to this rule listed in the CCQ collective agreements such as all civil engineering work (streets, highways, bridges, etc.), residential construction work and maintenance, repairs and emergencies;

WHEREAS the majority of the construction projects for school boards must take place during the summer break when there are no students or employees present, commencing after the last day of school in June and concluding before the first day of school in August;

WHEREAS during the summer break period there are approximately 20 days lost due to

FURTHER THAT, the Chairperson, as well as the Director General, and in his absence or with his knowledge, the Assistant Director General, be authorized to sign all documentation concerning this entente.

Carried unanimously

7.0 Information Items

7.1 *SWL Foundation*

Commissioner Ailsa Pehi provided an update on the activities of the Foundation noting that the Stars of the Starfest held on November 16, 2017, was a great success with both current and former students performing. She extended appreciation on behalf of the Foundation to the Coordinator of Communications, the Principals of Crestview and St-Vincent Elementary School and Laval Junior Academy and the Graphic Arts Technician for all of their efforts in making this evening a success.

She continued noting the following:

10.0 Varia

10.1 RESQ:

The Vice-Chair advised the Council that, through his involvement in local sports in Lanaudière, he received an invitation from the Réseau du sport étudiant du Québec (RESQ) to attend a meeting to demystify its existence. The RESQ is a non-profit group whose mission is to promote sports and physical activity in the education sector with a goal of developing a student's school perseverance. Its current membership is made up of 2,928 schools, 64 CEGEPs and several universities. The school board needs to become more involved with this group even though transportation is an issue.

In response to questions, the Vice-Chairperson noted:

- Funding is provided for the teams the school board registers with the RESQ;
- There is a membership fee;
- The RESQ in Laval has merged with Sport Laval, so it is no longer a member of RESQ;
- Funding is provided through corporate partners, revenues and special projects.

11.0 Adjournment

Commissioner Peter MacLaurin MOVED the adjournment of the meeting.

Carried unanimously

TIME: 20:53 hours
